Interactive Displays

## The Ultimate Interactive Display

Inspire students to actively engage in learning with the Newline Q Pro Series, a high-performance interactive display solution with native Google EDLA Certification.

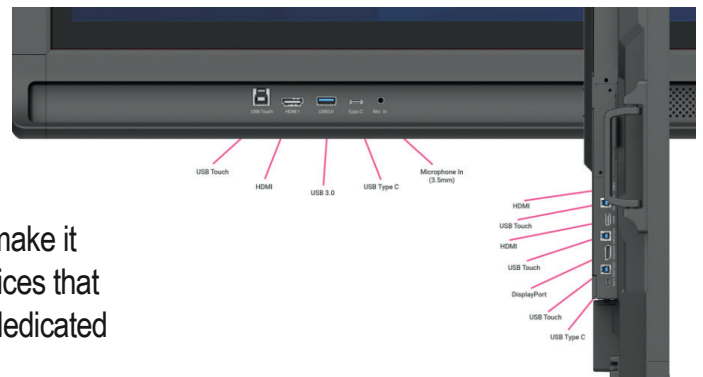

## Seamless Integration

Integration with Google Apps enhances instruction by providing easy access to Google Classroom, Google Drive, and other Google applications.

## Superior Connection

Newline's Q Series brings to you smart connectivity through diverse ports and wireless compatibility. The diversity in connection ports provide great options for all types of devices, making the interactive display more accessible to all users. Ports located on the front and the back of the panel make it easy to use the panel in any mounting situation. For those devices that need wireless connection, a reliable Wi-Fi 6 module provides dedicated wireless connectivity.
